

Banque Chabrieres Selects NCR to Equip INTERMARCHÉ Outlets With 250 ATMs

October 2, 2003 at 11:35 AM EDT

MASSY, France--(BUSINESS WIRE)--Oct. 2, 2003--Banque Chabrieres, a member of the Mousquetaires Group, has selected NCR Corporation (NYSE:NCR) to replace half of its existing automated teller machines (ATMs) located in INTERMARCHÉ retail outlets and to extend the presence of ATMs to other INTERMARCHÉ stores located in rural areas or on the outskirts of small- and medium-size towns. This deal means all of Chabrieres' INTERMARCHÉ ATMs will be supplied by NCR with NCR providing all ATM maintenance services.

The long-standing relationship of trust between the bank and NCR prompted Banque Chabrieres to select 250 Personas 70 machines to replace and extend its pool of ATMs. The new machines will conform to smart-card standards mandated by Visa and MasterCard. The quality of the ATMs and NCR's level of service played a decisive role in Banque Chabrieres' choice.

Patrick Goasguen, general manager of NCR's Financial Solutions Division in France, said, "We are very pleased with this new contract signed with Banque Chabrieres. It strengthens NCR's position as a leader in the off-site ATM market. Through Banque Chabrieres, NCR is a partner in the development of INTERMARCHÉ's prized customer service, and the fact that NCR has been chosen to service the machines represents a commitment to guarantee the machines' availability."

Patrice Rajchenbach, member of INTERMARCHÉ, said, "Banque Chabrieres' main goal is to help retail outlets address the needs of their customers with financial services. And the withdrawal of cash is a clearly identified need. More and more rural residents and inhabitants of small- and medium-size towns have told us of their difficulties in accessing ATMs in town centers. They prefer to use ATMs at the point of sale for increased safety and simplicity. ATMs located at a retail store are the perfect answer to their expectations."
