Contactless and Near Field Communication POS Payment Devices from

NCR and ViVOtech(R) to be Shown at 2008 NRF Show

DAYTON, Ohio--(BUSINESS WIRE)--Jan. 3, 2008--NCR Corporation (NYSE: NCR) in partnership with ViVOtech has introduced a suite of contactless payment terminals for the point of sale (POS). These solutions enable mobile and contactless payment at a variety of customer touch points, including retail checkout, restaurant drive-thru and the diner's table.

Executives attending the National Retail Federation's Annual Convention & Expo, Jan. 13-16, in New York, will be able to see demonstrations of the NCR RealPOS(TM) contactless payment readers in the NCR booth (No. 1327).

"NCR's unparalleled experience in payment transactions, combined with ViVOtech's expertise in contactless technology, provides retailers with the latest contactless payment options and a platform for future near field communication (NFC) applications," said Greg Egan, NCR vice president for Retail Assisted Service Solutions. "This line of NCR RealPOS contactless readers is designed to help merchants achieve a successful contactless and mobile payments program, and provide a new level of service to their customers."

The NCR RealPOS contactless payment products are compatible with a variety of other NCR solutions including NCR RealPOS workstations, NCR EasyPoint(TM) kiosks and NCR FastLane(TM) self-checkouts, in addition to NCR and partner POS software applications.

To maximize retailers' investments, NCR contactless solutions are supported by NCR's global services team, which offers a portfolio of services - including consulting, deployment, integration, hosting and support - to meet individual retailer needs.
