### Radiant Solution Helps High-Growth Convenience Retailer Improve Efficiencies and Grow Customer Loyalty

DULUTH, Ga.--(BUSINESS WIRE)--Dec. 14, 2011-- [NCR Corporation](#) (NYSE: NCR) today announced that it has entered into a new agreement with Kum & Go, L.C. to implement its Radiant c-store technology within each of the retailer's 400+ stores. Kum & Go, the fifth largest privately held, company-operated convenience store chain in the United States, chose the [Radiant solution](#) to manage a wide range of its business operations from one system, including fuel island, foodservice and multichannel marketing initiatives.

The full-breadth of the solution includes point-of-sale software and hardware terminals, fuel controllers and electronic payment controllers. The integration of the solution will enable Kum & Go to deliver an exceptional customer experience, helping the company to connect with consumers both inside and outside the store.

"We were looking for a technology solution that could easily scale with us and support future growth initiatives," said Craig Bergstrom, chief financial officer, Kum & Go. "NCR was able to meet our needs and provides a strong, feature-rich technology that decreases our overall technology costs."

"As the leading technology provider for the c-store industry, NCR is focused on delivering innovative and reliable solutions that drive profitable growth and simplify c-store operations," said Jimmy Frangis, vice president, NCR Hospitality and Specialty Retail. "We value our new relationship with Kum & Go and are proud to work with a company that shares our vision of providing industry-leading customer service."

NCR acquired Radiant Systems, Inc. in August 2011, positioning the company as the leader in hospitality and specialty retail with more than 100,000 installations worldwide. Customers include leading brands and venues in the restaurant and food service, sports and entertainment, petroleum and convenience and specialty retail markets.
