

NCR Silver® Adds Paychex Integration and Other Advanced Employee Management Upgrades in Newest Release

November 16, 2015 at 8:00 AM EST

DULUTH, Ga.--(BUSINESS WIRE)--Nov. 16, 2015-- NCR Small Business today announced a number of employee management upgrades to its tablet point-of-sale (POS) system, NCR Silver, including Paychex® exporting.

Now, NCR Silver merchants who use Paychex can export a time clock report in Paychex required format for more seamless payroll management. Once set up, this feature makes it easy to push employee hours to Paychex for payroll processing.

"NCR Small Business is committed to making the point-of-sale experience as seamless as possible," said Chris Poelma, president and general manager of NCR Small Business. "By offering integration with technology partners such as Paychex, our merchants can spend more time serving their own customers and less time dealing with back office functions like employee management."

Other employee management upgrades in NCR Silver 3.9 include cash tip reporting and a clock-out summary.

Cash tip reporting prompts employees to declare customers' tips. This new feature helps merchants stay in compliance with wage laws by ensuring servers and other tip-receiving employees are properly reporting income.

The new clock-out summary, meanwhile, provides employees with records of time punches and hours worked. This makes it quicker for managers to analyze labor costs.

To see a full list of features in NCR Silver 3.9, or to learn more about POS benefits in general, visit www.ncrsilver.com, or call 1-877-630-9711. NCR Small Business provides live, 24/7 U.S.-based customer support for NCR Silver users. NCR Silver mobile POS runs in the cloud, uses consumer-friendly technology, works on Apple® devices running the latest iOS, and offers a POS solution catered to franchises and other multi-site businesses as well.
