

NCR Epsilon Payments Application Achieves EMV Certification with First Data

March 21, 2016 at 8:00 AM EDT

DULUTH, Ga.--(BUSINESS WIRE)--Mar. 21, 2016-- NCR Corporation, the global leader in consumer transaction technologies, today announced that it has received EMV certification from First Data Corporation for its Epsilon payments application. Deployed by small and large operators, NCR Epsilon is a reliable, fast, secure site-based payment processing application that has been providing multi-host online/offline payment processing for the retail industry since 1999. The certification enables Epsilon to process credit and debit EMV transactions for both the Radiant POS and StorePoint POS solutions.

"The EMV liability shift will continue to influence convenience store strategies," said Jason Groff, director of Petroleum and Convenience Retail at NCR. "With our certification for Epsilon, First Data customers now can reliably move to EMV and provide their shoppers with more secure payment transactions."

The certified Epsilon solution will be delivered as a software upgrade to RPOS and StorePoint customers.
