

NCR Secures ATM and Services Deal with First Federal Lincoln Bank

November 8, 2001 at 10:37 AM EST

DAYTON, Ohio, Nov 8, 2001 /PRNewswire via COMTEX/ --

Multiyear, full ATM channel replacement includes NCR's latest drive-up offering

NCR Corporation (NYSE: NCR) today announced a three-year agreement with First Federal Lincoln Bank of Lincoln, Neb. for a nearly complete replacement of ATM hardware and for maintenance services.

First Federal Lincoln Bank took advantage of NCR's trade-in program for competitive stand-alone drive-up units, with the majority of the deal comprised of NCR's new big-screen Personas 90 ATMs. First Federal Lincoln Bank selected four models of NCR's Self-Service TouchPoints(TM) ATM family to be deployed throughout the bank's self-service network.

Brad Lozier, vice president of NCR's Financial Solutions Division, Americas region, said, "Our solutions team worked with First Federal Lincoln Bank to identify its current and future self-service needs. NCR was able to offer a competitive package that provides First Federal Lincoln Bank with enhanced capabilities for the future through web-based ATM solutions."

Larry Small, First Federal Lincoln Bank's facilities and services manager, said, "It didn't take long to recognize the benefit of undertaking almost a total trade-out of our ATM network. NCR presented a plan to help us realize the full value of an enhanced self-service network. We appreciate their expertise in the market and we look forward to the successful completion of the project."

Added Tom Conroy, managing director of NCR's financial industry customer services, "We believe on-going support is an integral part of NCR's financial solutions offering. We are very pleased to have the opportunity to work with First Federal Lincoln Bank to support its ATM network."
