NCR Announces Unique Stock Restructuring Program to Help Small Shareholders

NCR is announcing a unique stock restructuring program to help registered shareholders with fewer than 10 shares cost-effectively liquidate those shares. This proposal is contained in the 1999 proxy statement filed Wednesday evening and will be voted on by shareholders at the company's April 15th annual meeting. This is significant news because no other company has ever completed a stock transaction like this. It will reduce the number of NCR shareholders by approximately 600,000 and save the company \$2 million annually. The US version of the "Wall Street Journal" is running an exclusive article on this unique program in the Thursday, March 4th issue of the paper. See the full Press Release or the March 4 issue of NCR News Digest for more information.

*** UNIQUE STOCK RESTRUCTURING PROGRAM ANNOUNCED: NCR's Board of Directors has approved a 1-for-10 reverse stock split followed by a 10-for-1 forward stock split of the company's common stock. The splits, which are subject to shareholder approval at the April 15 Annual Meeting, are designed to give registered shareholders with fewer than 10 shares of NCR stock an easy and cost-effective way to "cash-out" of their NCR holdings. Details are in the related press release at http://www3.ncr.com/press_release/pr030499.html.

Important Information for Employee Stockholders

As in 1998, employee stockholders are encouraged to use a cost-effective method to vote their proxy for NCR's 1999 Annual Meeting of Stockholders. You should have received, or will be receiving shortly, NCR's proxy statement and proxy card in the mail. This year, most stockholders will have the opportunity to vote their shares electronically via the Internet, which is considerably less expensive for NCR than traditional voting by mail. In addition, you may be able to help reduce NCR's costs by electing to receive NCR's future proxy statements and annual reports electronically. You can help NCR save the cost of printing and mailing these documents by consenting to electronic delivery instead of receiving paper copies in the mail.

Attention employee stockholders:

Once again, employee stockholders are encouraged to use a cost-effective method to vote their proxy for NCR's 1999 Annual Meeting of Stockholders. You should have received, or will be receiving shortly, NCR's proxy statement and proxy card in the mail. This year, most stockholders will have the opportunity to vote their shares electronically via the Internet, which is considerably less expensive for the Company than traditional voting by mail. In addition, you may be able to help reduce NCR's costs by electing to receive NCR's future proxy statements and annual reports electronically. You can help the Company save the cost of printing and mailing these documents by consenting to electronic delivery instead of receiving paper copies in the mail.

If you are a "registered" stockholder (holding NCR stock in your own name) you can vote your proxy by accessing the Internet voting website at <http://www.eproxyvote.com/ncr>. Registered stockholders can also consent to electronic delivery by completing the consent form found online at <http://www.econsent.com/ncr>.

Employees who hold their NCR stock through Merrill Lynch under the Employee Stock Purchase Plan should access <http://www.proxyvote.com> to vote electronically. These employees can also consent to electronic delivery of future proxy statements and annual reports for their stock by completing the enrollment form at the end of this Internet voting site.

Finally, if you hold your NCR shares in street name through a nominee (such as in a bank or brokerage account), you may receive similar instructions on how to vote electronically with your proxy statement. You should also check the instructions provided by your nominee on how to receive future proxy statements and annual reports electronically.

No matter how you hold your NCR stock, we strongly recommend that, if possible, you take advantage of these cost-saving opportunities by voting electronically and registering yourself for electronic delivery of future proxy statements and annual reports.

For your convenience, this year NCR's proxy statement and 1998 Annual Report are also available online at <http://www.irin.com/ncr>. In addition, copies of the annual report will still be available through the Graphic Products Fulfillment Center.

An "NCR News Alert On . . . the Annual Meeting" will be e-mailed to employees after the meeting to be held on April 15 at Sugar Camp in Dayton. Because there will be limited seating and parking at the meeting, Dayton-based employees are encouraged to read the Alert rather than attend the meeting.
